I talked with Ms. Oldham about the Gulfco site. She asked if we had inspected the site and if there we impacts from the hurricane.

I told her that EPA had inspected the site on September 3, 2017, and that there were no impacts from the hurricane. I told her that I would send the inspection report once she provided her email.

She was glad to hear that there were no impacts and just wanted to confirm what DOW had told her.

Carlos,

A Community Liaison (Bill Dunbar) came across a citizen concerned about the Gulfco Marine Superfund site (see email below).

Can you have an RPM contact the citizen identified below regarding the Gulfco Marine Superfund site.

Thanks

Jason – I spoke this morning with Melanie Oldham from Brazoria County who says people are anxious for an EPA update on the site...she says Dow says all is fine, but that people need assurance from EPA. Is this something you can get your RPM to do? Maybe he could call her to get a better sense of how best to get the word out?

Melanie's number is 979-481-2723.

Thanks – Bill.
